Generosity: Senior members of the Council on Dental Practice donate to the ADA Foundation during their last council meeting May 7-9 at ADA Headquarters.

“With the recession taking a toll on donations, we decided to alter our tradition of presenting thank-you gifts to the council,” explained Dr. Jeffrey Sameroff. “With its emphasis on dental research, education, access to care and assistance for dentists, the ADA Foundation is the perfect match for our goals.” Shown from left are Dr. David Duncan; Dr. Paul Kenworthy; Barkley Payne, ADA Foundation executive director; Dr Sameroff; and Dr. Frank Graham, CDP chair.
