For more Vermont CE course offerings visit [http://vsds.org/gen\\_ce/index.aspx](http://vsds.org/gen_ce/index.aspx)

**Friday, March 19, 2010 – 9:00am-4:00pm**

(6 CEUs for full-day session)

**The Sheraton Burlington Conference Center  
870 Williston Road, Burlington, VT 05403**

Location/Directions: For detailed directions go to the website  
<http://www.starwoodhotels.com/sheraton/property/overview/index.html?propertyID=606>

**The Total Endodontic Experience**

The intention of this program is to teach dentists how to make endodontics fun by mastering the endodontic experience. Participants will learn how to perform endodontics with safety, simplicity, efficiency, and new found enjoyment and confidence. This course will teach you how to merge breakthrough endodontic practice philosophy with superior clinical artistry and skills; how to diagnose all endodontic conditions and determine endodontic restorability. You will be able to immediately apply 21 endodontic practice builders. A new level of competence and consistency learned from the total endodontic experience will make your endodontics something you truly control.

**Course Objectives:**

- Design successful access cavities
- Locate all canals even when calcified
- Choose when and how to use the “four manual motion” to make a “glide path”
- Shape canals safely and efficiently with leading edge rotary technology
- Learn 3D endodontic obturation with predictable results

**The Vermont State Dental Society is an A.D.A CERP Recognized Provider - #02395013**

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The Vermont State Dental Society designates this activity for 6 continuing education credits

John D. West, DDS, MSD, is the founder and director of the Center for Endodontics. He received his DDS from the University of Washington, where he is an affiliate associate professor. He then received his MSD in endodontics at Boston University Henry M. Goldman School of Dental Medicine. He maintains a private practice in Tacoma, Washington.
