

## To Make VSDS Your Homepage on Internet Explorer/Mozilla Firefox

With VSDS.org up on your screen, click on the “Tools” at the top of the screen for a pull-down menu. Find “Internet Options” at the bottom of the pull-down menu and click on it.

Type in <http://www.vsd.org> into the area “Create home page tabs...” and click on “OK”

When you initialize the internet, VSDS.org will now appear and you can browse for newly posted information and reference dental information.
