- *Post-Event with an On-Demand viewing option (available thru 2/28/21).*

**Both options require pre-registration by 2/8/21. Early Bird Rate by 2/1/21.**

#### **Quarterbacking Difficult Restorative Cases in Tumultuous Financial Times**

Many practices have seen a 10-25% decrease in revenue. Now more than ever, excellent communication, dazzling case presentations and a complete understanding of patients is essential for survival. This entertaining program will teach necessary skills in patient communication, treatment plan development and delivery that will propel you and your team to new levels of productivity and patient care.

#### **LEARNING OBJECTIVES:**

- Know how to customize case presentations to maximize acceptance
- Learn to fully diagnose loss of vertical dimension, compensatory eruption, altered passive eruption, wear, gerd, bulimia and other non-caries related dental diseases
- Understand how to manage and restore these disease processes
- Incorporate the latest technology into practice to maximize outcomes

**Speaker Biography** Dr. Marc Geissberger attended the University of the Pacific, School of Dentistry, earning a Doctor of Dental Surgery degree in 1991, and in 1994 he earned a Masters of Arts in Educational Psychology from the University of the Pacific School of Education.

He has practiced in Marin, CA since 1991. He splits his time equally between his private practice and educating practicing dentists. He is an Adjunct Clinical Professor in the Dept. of Preventive and Restorative Dentistry and served as Chair of the Dept. of Integrated Reconstructive Dental Sciences at the University of the Pacific, School of Dentistry for 15 years.

Dr. Geissberger teaches many continuing education courses and sits on the board of Catapult Education. He has co-authored and published numerous scientific papers and a textbook.

*Dr. Geissberger has indicated that he has a.) financial relationships in support of this program and b.) no conflicts of interest. Speaker Sponsors: GC America, Inc. and 3M*
