November 30, 2018

9:00am– 4:00pm

**Hotel Burlington &
Conference Center**

(formerly the Sheraton)

870 Williston Road

Burlington, Vermont

6 CEU's for full day lecture

“R2C™ - The Root to Crown Solution”

The Endodontic CE Solution from diagnosis through restoration

Each step of endodontically treating and restoring a tooth is connected. This program walks you through each step of root canal therapy—with each building on the success of the previous phase. From diagnostic protocol through coronal restoration, learn techniques for clinical success at every step to take the patient out of pain, restore function to the tooth while maintaining the proper aesthetic, and enhance the long term success.

Learning Objectives:

- Diagnosis and Treatment Planning: A complete understanding of the factors of each case
- Endodontic Access: Creating a proper access cavity is critical
- Antibacterial Dressings: Inter-appointment medicaments and temporizing teeth
- Shaping: Utilizing the Most Advanced File Technology Choices for imparting an appropriate shape to the canal
- Irrigation: Importance of removal of infection-causing bacteria
- Obturation: Pros and Cons of sealers and obturation techniques
- Coronal Restoration of the Endodontically Treated Tooth: Choosing between direct vs. indirect restoration

Schedule for the day:

**Registration opens at
8:30am**

Lecture: 9am 12pm

Lunch: 12 1pm

Lecture: 1 4pm

Speaker Biography

James L. Gutmann, DDS is Professor Emeritus in Endodontics/Restorative Sciences, at Texas A&M University College of Dentistry, Dallas, Texas. He is a Diplomate of the American Board of Endodontics, Past President of the American Association of Endodontists and is President of the American Academy of the History of Dentistry, in addition to being the Editor of the Journal of the History of Dentistry.
