

VERMONT TECH

November 30, 2016

Dear Dental Colleague,

The Advisory Committee of the Vermont Technical College's Dental Hygiene Program is seeking your assistance in locating patients with moderate/severe periodontal disease and moderate/heavy calculus for our second and third year students to treat. Patients requiring non-surgical periodontal therapy/quadrant scaling that may not be able to afford care in your office are particularly desirable. In addition, we are always in need of pediatric and adolescent patients. We would greatly appreciate you referring these types of patients to our clinic and we would then refer them back to your practice for their recall appointments and restorative care. Our appointments are 2 – 2.5 hours in length and multiple appointments may be needed; however, the total cost is \$25. If they require radiographs we can take them also. The fee for a complete mouth series of films is \$30, bitewings \$15 and panographs \$25. We can e-mail the films to your office. We do accept Medicaid. Appointments can be made by calling (802) 879-5643.

Thank you in advance for your assistance.

Sincerely,

Brad Turner, DMD

Cassandra Coakley, DDS

Amy Rodjenski, RDH

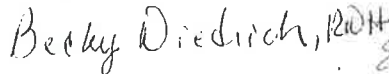

Becky Diedrich, RDH

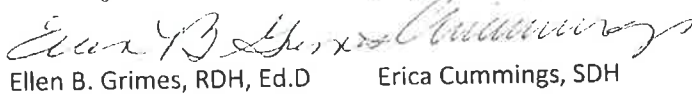

Jane Geider, RDH

Sheila Bannister, RDH, M.Ed

Becky Diedrich, RDH

Ellen B. Grimes, RDH, Ed.D

Erica Cummings, SDH
