

## Email from Drug Enforcement Agency (DEA) - Regarding COVID-19

**From:** Paquette, Christopher L.  
**Sent:** Friday, March 20, 2020 10:19 AM  
**Subject:** Important Info from DEA regarding COVID-19

Good Morning,

I hope this email finds you well and staying healthy.

I wanted to contact you and get the word out regarding the important information regarding COVID-19 that has been posted on the DEA Diversion website, [www.deadiversion.usdoj.gov](http://www.deadiversion.usdoj.gov)

The mission of the Drug Enforcement Administrations (DEA), Diversion Control Division, is to prevent, detect, and investigate the diversion of controlled pharmaceuticals and listed chemicals from legitimate sources while ensuring an adequate and uninterrupted supply for legitimate medical, commercial, and scientific needs.

During this National Emergency the Diversion Control Division will continue to work with our Federal partners, DEA registrants, and their representative association to assure that there is an adequate supply of controlled substances in the United States. The DEA will also work to assure that patients will have access to controlled substances.

On March 16, 2020, the DEA published a [COVID-19 Information Page](#) on the [Diversion Control Divisions](#) Web Site. This page contains important guidance concerning COVID-19 and the national drug supply, electronic prescribing of controlled substances, telemedicine, medicated assisted treatment, and other important federal and state information. This site will be **updated frequently** as new information and guidance is issued. Please check back frequently for further information.

Please continue to direct all policy questions concerning COVID-19 to the Policy email box at [Natural.Disaster@usdoj.gov](mailto:Natural.Disaster@usdoj.gov)

Thank you,

Chris
