VSDS Mentor Program

Guidelines & Information for the
Mentor Program

Vermont State
Dental Society

Mission

The mission of the New Dentist Committee is to assist dentists in their transition to community and practice life in Vermont, to promote long-term mentoring relationships, and to plan networking and educational events to foster a sense of support and camaraderie among VSIDS members.

Program Goals

- To promote dentistry by supporting those new to the profession in a peer-peer model
- To serve as a resource and wealth of information for members in all stages of their careers
- To promote camaraderie among members of all experience levels
- To connect new dentists looking for guidance and advice from experienced Vermont dentists

Responsibilities

- Be a member and in good standing with the ADA and VSIDS
- Be open and respectful to new ideas and concepts
- Be willing to meet and converse with your mentor as needed
- Create a communication protocol
- Share professional experiences
- Contact VSIDS to have your name added to our list!

Rewards

- Create differences in your career
- Be involved in the profession
- Receive new, fresh perspectives
- Have access to a mentor with an “open door” policy
- Develop a long term relationship that will last into the future

“If you light a lamp for someone, it will also brighten your own path.”
