The Eyes, Ears & Explanations Framework

 EYES <i>What did you observe?</i>	 EARS <i>What did the patient tell you?</i>	 EXPLANATIONS <i>How did you connect the findings?</i>

Clinical Pearls

One thing I observed
today that I want to
start looking for:

One communication
phrase I want to
begin using:

One idea that will
improve patient
trust:

Monday Morning Action Plan

☐ One assessment I'll
perform more consistently

☐ One question I'll
start asking patients

☐ One explanation
I'll improve

My Biggest Takeaway
